

Code Request Form

Name (Last, First): _____

Email: _____

Institute Website: _____

Research Group Website: _____

For students/postdocs, please list your supervise name: _____

Requested package(s): _____

Purpose of your request: _____

Note that the permission to use any of the packages is granted by the authors, only on the following conditions:

1. These packages remain at your research group and should not be published, distributed, or otherwise transferred or made available to people other than your group members.
2. These packages should be used by you and/or your research group solely for non-commercial purposes.
3. You may provide us with feedback on the use of these packages in your research, and that we are permitted to use any information you provide in making changes to these packages with acknowledgement.
4. Any risk associated with using these packages at your institution or research group is with you and your institution.
5. These packages should be cited appropriately in any of your publication(s) reporting on data obtained by using them.

Please sign below to confirm that you have read and agree to those terms.
